四、閱讀測驗(每題 2 分，共 8 分)

Japan is a group of islands near the east coast of Asia. It is a very popular place for people to visit. There are many cool things to see and do in Japan. You can see temples, eat yummy food, and walk around big cities.

One cool thing about Japan is that it has a lot of mountains. More than 80% of Japan is covered in mountains. There are even some mountains that are volcanoes. Mount Fuji is the tallest mountain and is also a volcano. Japan is on four tectonic plates. This is why they have so many earthquakes.

Japan is also known for some special things that might surprise you. For example, when you eat noodles in Japan, it's okay to slurp them. Slurping shows that you like the food. Also, many people in Japan like to eat KFC for Christmas. This is a fun tradition.

Cherry blossoms are very important in Japan. They bloom in spring, and people have picnics under the trees. These flowers stand for how beautiful and short life can be. Japan also has very fast trains called Shinkansen, or bullet trains. They can go up to 200 miles per hour. These are just some of the fun things about Japan.
